Customer Problem Statement Details

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A borrower with credit card defaults.	Negotiate a restructured balance settlement with the bank.	I lack knowledge of collection rates and strategic guidelines.	Lenders rarely provide clear hardship routes to consumers.	Anxious and trapped in high interest rates.
PS-2	A consumer with a high debt burden.	Audit my financial health parameters to find disposable surplus.	Manually tracking DTI across multiple cards is complex and error-prone.	There are no free interactive analysis models locally.	Overwhelmed and financially unstable.
