## Demonstration of Proposed Features Checklist

| S. No | Feature Name          | Description                                                              | Status (Implemented/Partial/Pending) | Demonstrated (Yes/No) | Remarks                                                    |
|-------|-----------------------|--------------------------------------------------------------------------|--------------------------------------|-----------------------|------------------------------------------------------------|
| 1     | JWT Security          | Custom PBKDF2 password cryptography and JWT token authorization headers. | Implemented                          | Yes                   | Demonstrated during login onboarding workflow.             |
| 2     | Loan CRUD Grid        | Add, edit, list, and delete liabilities using a clean slider form grid.  | Implemented                          | Yes                   | Demonstrated by registering credit card and student loans. |
| 3     | DTI Dashboard         | Recalculates stress score, cash surplus, and prints 4 graphs.            | Implemented                          | Yes                   | Demonstrated by updating outstanding loan balances.        |
| 4     | AI Settlement Options | Gemini forecast model predicting target payoff percentages.              | Implemented                          | Yes                   | Demonstrated during AI Recommendations review run.         |
| 5     | Hardship Letters      | Empathic settlement email and letter drafting workspace.                 | Implemented                          | Yes                   | Demonstrated by drafting and copying Chase Bank templates. |
| 6     | Advisor Chatbot       | Q&A; chatbot feed with suggestions pills.                                | Implemented                          | Yes                   | Demonstrated by clicking Snowball method help pill.        |
| 7     | Reports Console       | Download dossier reports to PDF and data grids to Excel sheets.          | Implemented                          | Yes                   | Demonstrated by downloading compiled reports streams.      |

## Feature Implementation Summary

| Metric                          | Value                                       |
|---------------------------------|---------------------------------------------|
| Total Features Proposed         | 7 Key Modules                               |
| Total Features Implemented      | 7 Key Modules (100% completion rate)        |
| Total Features Demonstrated     | 7 Key Modules (100% demonstration coverage) |
| Overall Implementation Rate (%) | 100.0%                                      |
